

## Technical Data Sheet

### Product Description

**MagnaFat** is a Calcium Salt of Long-Chain Fatty Acids that is manufactured to be a safe concentrated energy source which will not interfere with rumen fermentation. Calcium Salt energy supplements have consistently demonstrated nutritional benefits when cows require rations of increased energy density. Nutritionists and progressive dairymen can utilize **MagnaFat** to improve their feed formulations, maximize milk production and increase profitability. The enhanced dietary energy gained when feeding **MagnaFat** can also improve body condition and reproduction.
